

CCAT question import – format guide

#

HOW THIS FILE IS READ

- The file is a list of question BLOCKS. Separate each block with a BLANK LINE.

- Each block starts with a "Q:" line, then the question text (it may span several lines).

- Options are labelled A) B) C) D) ... (a dot also works: "A."). Minimum 2 options.

- "Answer:" gives the SINGLE correct option letter – it must match one of the options.

- "Explanation:" is optional (one line).

- Lines that start with "#" are comments and are ignored (you can delete this whole header).
